INVEST

How our investment work?

To start investment, clients' investment account needs to be funded.

To fund your trading account, log into your trading account using the email and password registered during the sign up process

[r.](#)

Go to the deposit section, enter amount at the corresponding deposit option of choice. Transfer to the deposit address displayed on the receipt section.

Once your transaction is confirmed on blockchain, it will be automatically approved.

To activate an investment plan, go to invest section, choose the plan to invest in, enter the amount of capital to invest and proceed.

On submission of investment activation form, your trading account will be debited, and the fund instantly transferred to the trading managers, who will move the allocated fund to the portfolio corresponding to your selected plan.

On maturity of your investment, your capital and interest will be paid into your trading account.

Trading simulation

PLAN = PLAN A

DURATION = 24 HOURS

CAPITAL INVESTED = \$3000

INTEREST TO RECEIVE = $\$3000 * 15\% = \450

After 24 hours of investment, you will receive \$3450, which is capital (\$3000) plus interest after three days (\$450)

This fund will be available in your trading account for reinvestment, top-up or withdrawal.
